

Educational Resources

Volunteers in Motorsport produces and actively distributes materials for attracting people into the sport. Also - importantly how to retain them in the future. These resources are available free of charge via the website:

www.volunteersinmotorsport.co.uk

or by phoning: 01753 765000

Who are We?

Volunteers in Motorsport is a government backed initiative to encourage more people to become involved with the sport, whether it is Rallying, Racing, Sprinting, Auto testing, Hill Climbing, Karting or Cross Country.

Volunteers in Motorsport aims to get more people involved as marshals, timekeepers, technical officials or in many other roles that are so crucial to make an event run smoothly. Every motor sport super star has had to start somewhere and that wouldn't be possible without the help of others at grassroots level and from an early age.

We are here to help your School, College or University get on track for:-

ACTION, EXCITEMENT & INVOLVEMENT...

Whatever the chosen area is within Motorsport, Volunteers in Motorsport can help you introduce more people whether they like Car Racing, Rally Cross, Rallying, Karting, Sprints, Hillclimbs, Cross Country events, Trials, Bike Racing or Autotests into motorsport.

Volunteers in Motorsport have developed four packages to help Schools, Colleges and Universities to provide information to your pupils to encourage more people to volunteer and enjoy Motorsport.

These Packages will give pupils an insight into;

- **What the sport is about**
- **The benefits of being involved**
- **The preparation that's required**
- **How to get more involved**
- **Potential career opportunities**

To find out more contact us on: **08450 94 00 94**

Volunteers in Motorsport have designed four different packages available to provide information to students;

Level 1: An introductory and awareness level in which Display Posters will be provided. These would be in addition to a prepared 10-15 minute PowerPoint briefing and handout about marshalling to the students.

Level 2: This would be similar to Level 1, but accompanied by a prepared lecture presentation of 30-45 minutes. Material will be provided to help you deliver and explain what marshalling is and how to get involved. If required you can contact Volunteers in Motorsport on 08450 94 00 94 for further information on local clubs and venues.

Level 3: This incorporates the information from Level 1 & 2 plus it provides the opportunity for a visit/training module from a Motor Sports Association registered trainer. They will deliver a two hour presentation and answer questions on the sport.

No charge is made for any of the first three levels from the Motor Sports Association but time would need to be made in the curriculum to suit the volunteers who may also need expenses.

Level 4: This is a natural progression which would include all the benefits of the first three levels, but would also include a Motorsport Incident Marshals Course. This QCA approved qualification is eligible for funding. As they become available more qualifications will be offered on topics including scrutineering and timekeeping.

Display Stands & Leaflets

The best way to attract pupils to these additional qualifications is with a display stand in the school. Every School/College /University has the option to use our display stands which we will send to you free of charge for your use on your premises (for up to two weeks). This will provide an element of professionalism and focus. The display stands can even be personalised for your premises but there will be a cost for producing an additional panel.

Leaflets will also be available explaining the motorsport areas that may be covered.

Posters

On our website we have posters for download available in A4, A5, banner and postcard format. Again these are free but they can also be branded with your own School/College/University details printed on them. The phone number on the poster is a 0845 number which is directed straight to the MSA. There is the option of putting your own contact details on too. We can also provide pre-printed posters in A4 and A3 sizes.
